GLOSSINESS & CREATE LUXURIOUS SPACE

Lấy cảm hứng từ những kỳ quan thiên nhiên hiếm có và gợi cảm nhất, bộ sưu tập **Marvel Gala** là một viên ngọc quý, và bề mặt của nó gợi nhớ đến những chuyến đi đến những nơi nguyên sơ. Một số địa điểm hấp dẫn nhất trên trái đất - các sông băng của Alaska, sa mạc California, màu xanh của Amazon, màu ngọc lam của biển nhiệt đới, màu đen của núi lửa Iceland - đã truyền cảm hứng cho việc lựa chọn đá tự nhiên của bộ sưu tập.

Inspired by the rarest, most evocative wonders of nature, the **Marvel Gala** collection is a jewel, and its surfaces recall journeys to pristine places. Some of the most compelling locations on earth - the glaciers of Alaska, the Californian desert, the green of the Amazon, the turquoise of the tropical seas, the black of the Icelandic volcanoes - inspired the selection of the natural stones of the collection.
